

EUCLID
MARINE

Marine Cargo & Stock Throughput

Who We Are

Euclid Marine offers specialized insurance solutions for the transportation of cargo, covering Marine Cargo and Stock Throughput lines of coverage. What sets us apart, is that we place a strong emphasis on adapting to the unique needs of our clients and providing outstanding support to our valued insurance broking partners. With over 35 years of specialized knowledge and underwriting experience in this class of insurance, our goal is to be your trusted partner.

What We Offer

Deep Industry Experience

We understand that one size does not fit all, which is why our insurance offerings are designed to address a wide range of challenges and safeguard against diverse risks on a global scale.

Fully Underwritten In House

This enables direct collaboration with you and facilitates prompt decision-making.
